

## May 25<sup>th</sup> 2023 Benchrest Results

Going into Memorial Day weekend I was worried that Thursday's bench rest turn-out would be light, but that was not the case! At 7:00am we had 12 shooters which made for a good turn-out. All week the wind was awful in the mornings, but Thursday we were lucky it held off for the morning shoot. We were all done by 9:30 while shooting 2 relays.

Our largest class Thursday was the Sporter class with 7 shooters followed by the light sporter class followed by 5, Open site 4 & match rifle 3.

Dustin Smith & Keith Raulston, both shooting Vudoo's, tied in the sporter class shooting impressive scores of 250/19X's. This was quite a "feat" considering that we shoot outdoors with wind, light, and the temperature changing all the time.

Jeff Minder, only in his 2nd match, took on 1st place in the open site class with a 299/27X's. I am sure Jeff will enter our 300 Club next match. Jeff was shooting an Anschutz 54.

The Harbor Freight award was won by Dustin Smith. Thanks to everyone coming out to support our benchrest match. Special thanks to Dave Roberts for coming out early (as in 6:00am) to help set up the range.

Our next matches will be June 17th & 27th starting at 8:00am, safety briefing at 7:45am.

### Match Results:
